

January 2020: Currently, there are several benches at Kihei Kalama Park ready for sponsorship. Some of those benches may be sponsored singularly and others may be 'shared benches', where more than one party may sponsor them. There are two new benches scheduled for installation at both Kama'ole II and Kama'ole III; all new benches will be designated as 'shared benches' with up to six stainless steel plaques allowed per bench.

Singular bench sponsorship is for a period of 5 years, after which additional plaques may be added to the bench unless the original donor wishes to fund an extension. The donation for singular bench sponsorship is \$850 (currently available at only Kalama Park). The donation for each stainless steel engraved plaque is \$400 whether for the full sponsorship or shared bench.

The donation helps sponsor the bench program, the maintenance and replacements for the bench parts, and other projects benefitting the County Beach Parks of Kihei. Benches are the property of the Parks Department and there are no guarantees stated or implied concerning how long the bench or plaque may last or remain in any location.

The sample mock-ups of the stainless steel plaques displayed in this document show the style. The standard italic font cannot be altered to another font. The blank plaque displays the bottom line which will appear on all plaques. An engraved image may be included for no additional charge. Prior to actual engraving, a mock-up of your plaque will be emailed as a 'proof' and opportunity for any final adjustments.

How to order: The first step is to express your interest and write us an [email](#) to check availability. Include what text you desire on the plaque. We will help guide you with both text and image, as needed or desired.

After confirming availability, your check should be made payable to South Maui Volunteers. If a tax receipt is requested, please contact us for more information.

Please mention 'Bench Plaque' in the memo line and mail the check to:
